

# Implementation of Hyogo Framework for Action (HFA) in Indonesia

---

Sugeng Triutomo  
Director for Disaster Mitigation  
National Coordinating Board for Disaster Management  
(BAKORNAS PB)

## Five Priorities of Hyogo Framework of Action (HFA)

---

- ❑ Ensure that DRR is national and local priority with a strong basis for implementation
  - ❑ Identify, assess and monitor disaster risks and enhance early warning
  - ❑ Use knowledge, innovation and education to build a culture of safety and resilience at all levels
  - ❑ Reduce the underlying factors
  - ❑ Strengthen disaster preparedness for effective response at all levels.
-

## National Platform for DRR

---

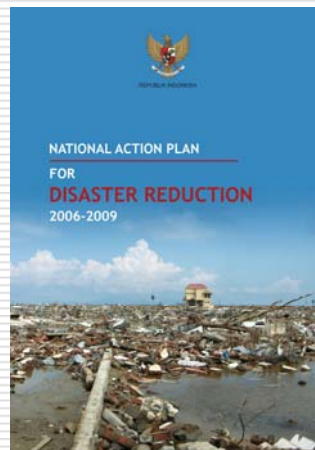

- National forum for DRR is being established
  - There are 35 organizations involved, composed of :
    - Government agencies,
    - UN DM team,
    - Universities,
    - INGO's and NGO's.
  - This forum is initiated by :
    - National Planning Agency (BAPPENAS),
    - National Coordinating Board for Disaster Management (BAKORNAS PB)
    - UNDP
- 

## Implementation of HFA # 1

### Ensure DRR as national and local priority

---

- Disaster mitigation and management was stipulated as a priority in the development plan and annual plan 2007 and 2008.
  - Government allocate budget for DRR in fiscal year 2007 and 2008
  - Strategic National Action Plan of DRR has been launched
  - Set up National Platform of DRR
  - New Disaster Management Bill has been enacted on April 26, 2007.
  - Local government start to
  - Strong political will to support DRR
  - Community participation (through CBDRM)
- 

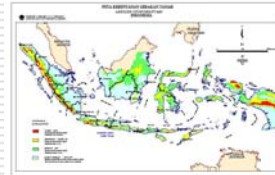

## Implementation HFA # 2

### Monitor risks and warning systems

---

- Support local government to do risk assessment & risk mapping for all disaster prone districts.
- Formulation of Risk Mapping guidelines
- Set-up National Early Warning Systems (Grand Scenario Ina-TWS)
- Incorporate warning system in National Emergency Operation Center
- Capacity building for research in disaster risk monitoring and warning systems
- Dissemination of risk knowledge and warning systems to the community level.

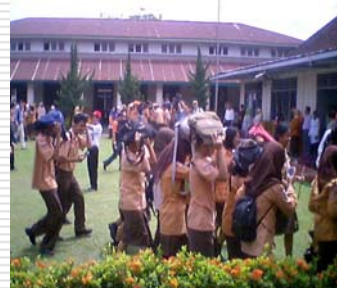

## Implementation HFA # 3

### Build culture of safety and resilience

---

- Integration of information systems and exchange (SIPBI, SIMBI etc)
- Education and training for all levels
  - Integrate DRR in school curricula
  - DM training, EM training, DRR training etc.
  - Research activities
- Public awareness (campaign, brochure)
- Practices of Community Based Disaster Risk Management in the villages
- Develop local wisdom in disaster management

## Implementation HFA # 4

### Reduce the underlying factors

---

- Environmental and natural resources management
  - National Task Force for Forest and Land Rehabilitation / GNRHL)
  - Coastal Zone Management (DKP)
- Integration DRR in the development sectors
  - Health
  - Social
- Land-use and spatial planning
  - Integration of risk analysis and mapping in spatial planning (BKTRN)

## Implementation HFA # 5

### Preparedness for effective response

---

- Capacity building in strengthening policy, technical and institutional in all level (national, provincial and districts), all sectors and stakeholders.
- Set-up national and local disaster response plan
- Set-up national and local emergency operation center
- Set-up and review regularly disaster preparedness plan, contingency plan
- Allocate contingency budget to support response, recovery and preparedness

## Current situation

---

- ❑ DM Law (No. 24/2007) has been enacted 26 April 2006 and will be followed by formulation of Govt. Reg. and Pres. Reg.
  - ❑ New DM system will be formulated (legislation, institution and DMplan)
  - ❑ Strategic National Action Plan for DRR has been launched and will be followed by creation of Local Action Plan for DRR
  - ❑ Implementing DRR in all sectors and community levels.
- 

## Program Priorities

---

- ❑ National
    - Establishment of BNPB (national DM agency)
    - Formulation of National DM Plan
    - Establishment of National Response Plan
    - Establishment of National Emergency Operation Centers (NEOC)
    - Training for trainers (DM, EMCP, ICS, CBDRM etc)
  - ❑ Local
    - Formulation of Local Regulation for DM
    - Establishment of Local DM Agency
    - Formulation DM Plan
    - Establishment Provincial/District EOC
    - Training (DM, EMCP, ICS, CBDRM etc)
  - ❑ Community
    - Empowering CBDM Organization
    - Public awareness (education, training, drilling)
    - Implementation CBDRM
-

## Summary

---

- ❑ Following the HFA, since 2006 Indonesia had started creating the National Action Plan for DRR and will be promoted to the local level.
  - ❑ Strong political commitment of the government and the parliament to strengthen national capacity on DRR.
  - ❑ DRR Framework has been adopted into "Disaster Management Law" and also in the National Development Plan.
  - ❑ Dissemination of DRR framework and implementation HFA would be continued to the local level.
-
