

Group A

Armenia, Kazakhstan,
Kyrgyzstan, Mongolia, Tajikistan

Group A

- Similar hazards:
Earthquakes, landslides, debris flows,
avalanches, droughts, floods, wild fires etc.

Group A

Similar challenges:

- Insufficient legislation
- No fully functional institutions / national mechanisms
- Poor staff capacity in DR and DRR at all levels
- Inefficient early warning systems
- Insufficient financial resources
- Insufficient regional / transboundary cooperation

Group A

Proposed measures:

Unified risk assessment tools (including hazard and risk maps)

Regional data base

Information and experience exchange

Capacity building

Improved coordination of central and local governments, NGOs, academic institutions, private sector, and media

Organization of thematic forums
