Toll way also exempts fare since 27 October 2011 at 06.00 a.m. to 5 November 2011 at 12.00 p.m. Two expressways namely; Sirsaman – Bang Poon and Bang Poon – Bang Pa In are closed. **For more information, contact EXAT Call Center 1543 24 hrs.**

State Railway of Thailand 11 routes affected from floods as the followings; 1) Laksi – Dong Muang ; 2) Don Muang – Rangsit ; 3) Rangsit – Chiang Rak ; 4) Chaing Rak - Chiang Rak Noi ; 5) Ban Po – Ayutthaya ; 6) Ayutthaya – Ban Ma ; 7) Bang Sue Junction – Bang Bam Ru ; 8) Taling Chan Junction – Sala Thammasop ; 9) Salaya – Wat Suwan ; 10) Wat Suwan – Ngew Rai ; and 11) Nong Pla Duk Junction – Suphan Buri

The Transport Co.Ltd. Flood affected provinces caused impassable routes in Phitsanuloke, Pichit, Nakhon Sawan, Uthai Thani, Lopburi, Singburi, Phra Nakorn Si Ayutthaya, Pathumthani and Nonthaburi Province.

Northeast Route (In-Out bound) starts from Bangkok Bus Terminal (Chatuchak) – Sri Ratch Express Way – Motor ways pass Suvarnabhumi Airport – Bang Nam Prieu District, Chacheongsao Province take highway route 304 - Chacheongsao Province - Panomsarakham District, Chacheongsao Province – take highway route 319 – Prachin Buri Province – Pak Plee District, Nakhon Nayok Province take highway 33 - Ban Na District, Nakhon Nayok Province – Wihan Dang, Saraburi Province – Huay Kamin – take highway route 1 – Saraburi Province and take the regular roads.

Northern Routes (In-Out bound) starts from Bangkok Bus Terminal (Chatuchak) – Sri Ratch Express Way – Rama IX Bridge – Mahachai District, Sumut Sakorn Province – Ban Preaw District, Sumut Sakorn Province – Nakhon Pathom Province – Kampansan District, Nakhon Pathom Province – U Thong Road, Suphan Buri Province – Sri Prachan District, Suphan Buri Province – Sam Chuk District, Suphan Buri Province – Bang Rachan District, Singburi Province – Singburi Province – Ta Kli – Tak Fa – Paisali – Pichit Province – Phitsanuloke Province – Uttaradit Province – Denchai District, Uttaradit Province – Nan and Chain Rai. From Nakhon Sawan Province, passengers take route to – Kampangetch Province – Tak – Lampang - Chaing Mai Province and

Southern Routes – Southern Bus Terminal has moved to to Holland Beer Garden on Rama 2 road.

For more information, contact 24 hr. Hotline 1490.

1.4 Important Assistance Provision

1.4.1 The Military mobilized a wide range of resources to the flood affected areas, including immediate relief provision; search and rescue operation, medical care service provision; preparation of sandbags; propelling of water into the sea especially in the Bangkok and nearby areas such as Chacheongsao, Uthaithani, Lopburi, Srisaket, Nonthaburi, Pathumthani, Samut Sakhon, Samut Prakarn, Phra Nakorn Si Ayutthaya, Ang Thong Province, Singburi, Lopburi and Bangkok; preparation of aircrafts and vehicles for relief items and evacuees transportation, and public notification; and excavation of all rivers and canals to accelerate the water drainage. The Military also constructed levy sandbags and secure the levies at many critical areas such as Water Supply Canal, Khlong Hok Wa. In addition, they supported boats to push out water at several important canals and river such as Thaweewattana Canal, Phasi Charoen Canal, and Tha Chine River.

1. CURRENT SITUATION (CON'T)

1.4.2 **Nation Public Relations Department** ordered the media under NPRD to broadcast update water management especially public participation. They also provided public relations of victim assistance, recovery measures and police operation regarding public security in flood areas.

The concerned agencies could support information to e-mail address : IOCPRD@hotmail.com and IOCPRD@gmail.com at the FROC Public Relation Office at 1st Floor, Energy Complex, Ministry of Energy.

1.4.3 Ministry of Interior

Department of Disaster Prevention and Mitigation assigned Deputy Director General (Mr. Prateep Kiratirheka) to run the joint mission for sand bags production by mobilizing manpower from DDPM Emergency Response Team (ERT) together with DDPM officials and Territorial Defence volunteers to safeguard the area at all time. On 4 Nov 2011, DDPM and volunteer is expecting to produce 500,000 sandbags and 3,500 big sand bags to support Air Force, BMA and Metropolitan Waterworks Authority (MWA) for flood fighting operation at Pratunam Pa In (Pa In Watergate) and MWA. DDPM also supported many tools and equipment for flood prevention production. For more information contact 1784.

The **Department of Provincial Administration** received 15,353 petitions from 17 provinces and 15,154 of which have already been solved since 9 October to 3 November 2011. They also dispatched a cadre of the Territorial Defence Volunteers from the non-flood affected province to help flood victims in 6 provinces (Phra Nakhon Si Ayutthaya, Nakhon Sawan, Ang Thong, Pathumthani, Nonthaburi and Nakhon Pathom) and in FROC activities.

1.4.4 Ministry of Natural Resources and Environment

Department of Mineral Resources: dispatched vigilant team to inspect 48 disaster risk areas, including 12 sites for landslide, 17 soil creeps, 5 areas for cracks, 5 areas for river bank erosion, 1 area of subsided 1 area for sink hole, 6 areas for flashflood and 1 area of other cause (loud cracking noise at the ground). Another vigilant team was dispatched to provide assistance in Chacheongsao province such as cranes for car evacuation, transportation for evacuation, and inspection of water level at different points of the province.

1.4.5 **Ministry of Public Health** dispatched public health officials from various unaffected flood provinces to provide continually medical services in Bangkok. They prepared and improved ICU unit for 564 beds and severe case 236 beds.

2. SITUATION ASSESSMENT/FORECAST

2.1 Thai Meteorological Department (TMD): on 4 November 2011, the ridge of high pressure from China covers the upper of Thailand. Cool with mist in the morning is likely over the North, upper central and the Northeast of Thailand. During 5-9 November 2011, another ridge of high pressure from China covers Northeastern and South China Sea together with the eastern wind prevails over the Gulf of Thailand. During 8-9 November 2011, isolated thundershower is expected in the North part due to the East wind waves.

2.2 Royal Irrigation Department (RID):

- **The North Basins (Yom basin):** There is still river runoff in many areas of Ping Basin, the inundation is decreasing in Bang Rakum District of Phitsanuloke Province and Sam Ngam, Po Talay District of Phichit Province. Nan Basin the overflow is decreasing in Chumsang District of Nakhon Sawan Province.
- **The Northeastern Basins (Mun and Chi basin):** Inundation is reported in many areas, and likely to decrease.
- **The Central Basins (Thachine and Chao Phraya basin):** Inundation remains in some areas of Suphanburi and Nakhonpathom Province, but likely to decrease. Moreover, inundation are reported at Mueang District of Nakhon Sawan Province, Chainat Province at 0.49 m., Singburi province over 1.1 m. and Phra Nakhon Si Ayutthaya Province at 0.84 m. .
- **The capacity of Major Dams:**
 - **Bhumibol Dam:** it reached 99.5 Percent of retention capacity. 31 million cubic meters received, 30 million cubic meters discharged. The additional retention is 65 million cubic meters.
 - **Sirikit Dam:** it reached 99.8 Percent of retention capacity. 16 million cubic meters received, 18 million cubic meters discharged. The additional retention is 20 million cubic meters.
 - **Kwae Noi Dam:** it reached 96 Percent of retention capacity. 2 million cubic meters received, 1.7 million cubic meters discharged.
 - **Pasak Dam:** it reached 129 Percent of retention capacity. 6 million cubic meters received, 3.49 million cubic meters discharged.
 - **Ubonrat Dam (Khon Kaen Province):** it reaches 112 Percent of retention capacity. 10 million cubic meters received, 20 million cubic meters discharged.
 - **Lampao Dam (Kalasin Province):** it reaches 99 Percent of retention capacity. 4 million cubic meters received, 3 million cubic meters discharged.

2.3 Bangkok Metropolitan Administrative (BMA) On 3 November, the highest water level in Chao Phraya River at Pak Khlong Talad Station was 2.20 meters at 02.39 p.m.

- Areas flood in Eastern parts of BMA are Don Mueang, Lak Si, Sai Mai, Bang Khane, Chatuchak, Lad Prao, Meenburi, Khlong Samwa, Nong Jok and Lad Krabang District, it is likely to increase District. Western parts of Bangkok that are flooded are Bang Plad, Bangkok Noi, Taweewatana, Taling Chan, Bang Kae, Nong Kham and

Pasi Chareon District. The flood is likely to increase in Klong Chak Pra (Chak Pra Canal).

- At riverside areas, river overflow can be expected during sea level rise. However, BMA can manage the overflow and its drainage.
- BMA designated temporary shelters in many areas. For more information, contact 0-2248-5115 or BMA Hotline 1555, or <http://dds.bangkok.go.th>.
