

Survey Report of Disaster Prevention and Management Frameworks in Northeast Asian Regional Government

February 2001 Hyogo prefecture, Japan

(Coordinator, Disaster Prevention Subcommittee, Association of Northeast Asian Regional Government)

Foreword

Dear Sir/Madam:

The Disaster Prevention Subcommittee conducted a survey on disaster management frameworks and measures established within regions of Northeast Asia. The results of the survey have been compiled into a report.

I hope this report will contribute to the promotion of information exchange among regions and help respective regions improve and develop their disaster management frameworks.

April 2002

Hiroki Kimura
Coordinator
of the Disaster Prevention Subcommittee
Director of the Disaster Management Division
Hyogo Prefectural Government
