ADRRN Strategy 2020 Implementation Plan

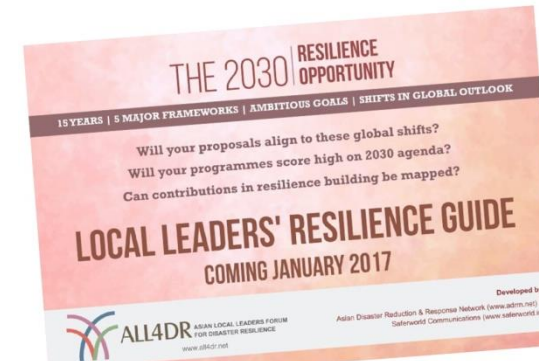

2016

2018

- Leadership in Emergency Action, Preparedness and Surge (India)
- Community Based Disaster Risk Management (Philippines)
- Earthquake Risk Management (Nepal)

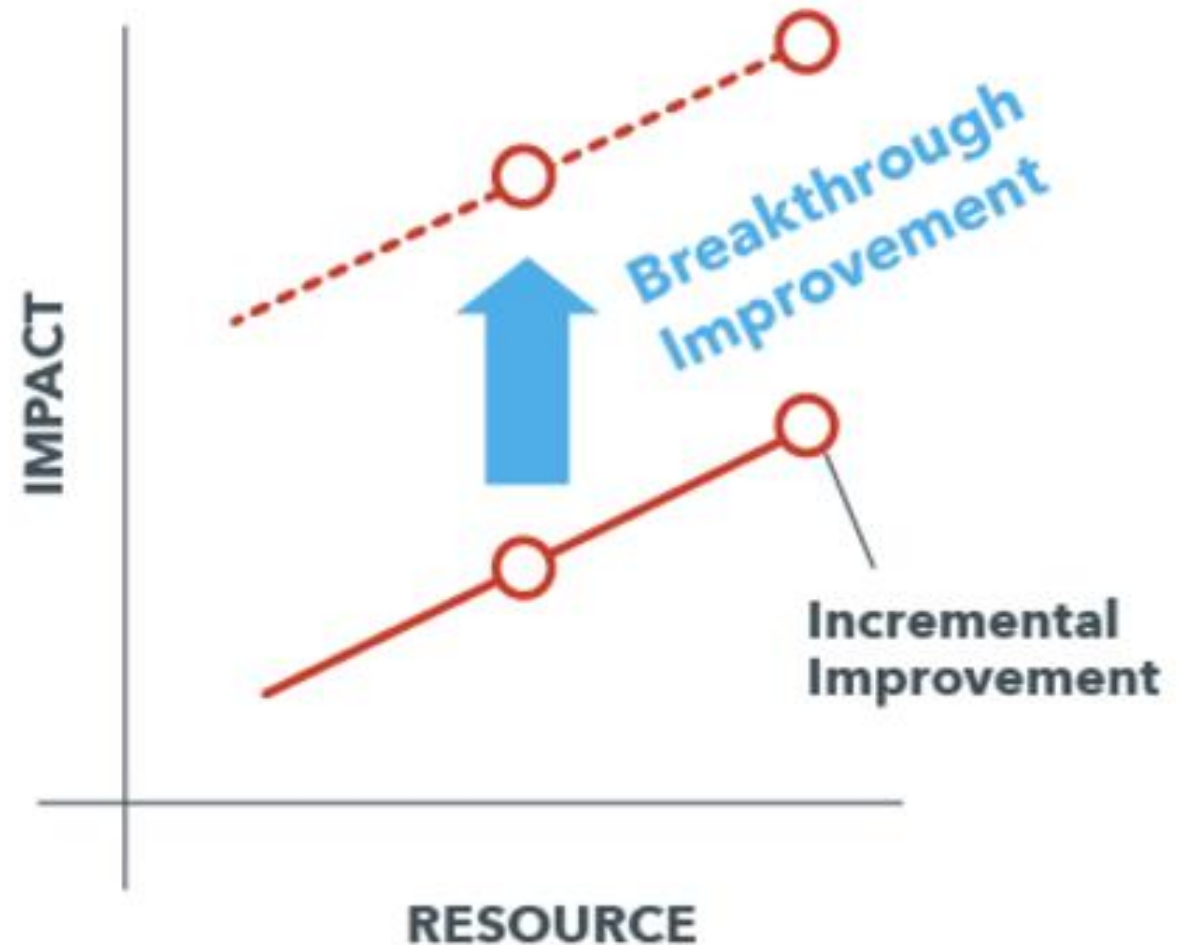

- 1 TRANSLATING GLOBAL FRAMEWORKS TO LOCAL LEVEL**
 Help members and associated stakeholders to integrate global framework* directions into their local actions and implementation.
- 2 COLLABORATION AND PARTNERSHIP**
 Bring stakeholders from a cross-section of areas into the framework of its networking relationship. This includes ample opportunities for cross-learning, enhancing effectiveness and building global visibility, influence and support.
- 3 AMPLIFYING LOCAL VOICES**
 Create and implement proper mechanisms, partnerships, mapping strategies and advocacy programs to ensure effective participation and voice. This includes national policy nodes, regional and global arenas, and a focus on youth and women.
- 4 CAPACITY ENHANCEMENT FOR EFFECTIVENESS AND EFFICIENCY**
 Capacity building of all members, broader CSOs, communities and related stakeholders. This includes technical, operational, financial, managerial and strategic actions.
- 5 STRENGTHENING ACCOUNTABILITY**
 Enhance evidence-based accountable leadership and management of humanitarian action.
- 6 INNOVATION**
 Challenge the status quo and encourage innovative solutions. ADRRN will promote a network-wide culture of proactive thinking.

* Launched November 2016, New Delhi

Innovation – a necessity

ADRRN aims to serve as a catalyst to encourage national/local NGOs in Asia to think **out-of-the-box ideas** for innovative solutions to existing problems, and generate **network-wide culture** that promotes such proactive and innovative thinking.
