

Online Tsunami Seminar

3-Part Series
24 November 2020
22 December 2020
26 January 2021

OHTSU Nobuhito, Ph.D.

Senior Researcher,
National Research Institute of Fire and Disaster,
Ministry of Internal Affairs and Communications,
Government of Japan

Profile

Dr. Ohtsu focuses on human behavior and evacuation plans from water related disasters, especially supporting vulnerable people, in community-based disaster risk reduction in his research.

He has also been conducting research on safety management for firefighting activities.
