

# **Building Resilient Communities by Investing in DRR Literacy for Proactive Actions focusing on “Leave No One Behind”**

21 September 2022 (13:30–14:30)

@ Mezzanine Room M2

## **Profile**

### **Mr. Pham Doan Khanh**

Department of Science Technology  
and International Cooperation,  
Vietnam Disaster Management  
Authority (VNDMA),  
MINISTRY OF AGRICULTURE AND RURAL  
DEVELOPMENT  
Vietnam

Mr. Pham Doan Khanh earned Master of Disaster Management from Japan Graduate Research Institute for Policy Study, Master of Science on Technology and Resources Management with a focus on Water Resources Management, Cologne University of Applied Science and Bachelor of Coastal Engineering of Thuy loi University.

He has been working in the field of natural disaster prevention and control since 2009 with the tasks of planning, developing guidelines, coordinating the implementation of non-constructions and construction solutions for the purpose of minimizing damage caused by natural disasters. He has been involved in implementing community-based disaster risk management activities nation-wide since the very first days after the National CBDRM program was approved by the Government of Vietnam. He has actively participated in developing master plans, guidance document and implementing training courses for localities.

In addition, He also experienced in the research and application of science and technology in risk analysis, planning and development of early warning systems for natural disasters in Vietnam.
