

Dr./Mr. IKEDA Makoto

Senior Researcher

Research Department

Asian Disaster Reduction Center (ADRC)

Visiting Associate Professor, Kobe University

Profile

Dr./Mr. IKEDA Makoto is Senior Researcher of the Asian Disaster Reduction Center (ADRC), an institution established in Kobe, Japan in 1998, with a mission to enhance disaster resilience of the member countries, to build safe communities, and to create a society, where sustainable development is possible.

Since he began his career at the ADRC, Mr. IKEDA has gained experiences both in administrative and technical aspects through various training programs. In the past several years, he participated in diverse projects including the "Project for Assessment of Earthquake Disaster Risk for the Kathmandu Valley in Nepal," organized by the Japan International Cooperation Agency (JICA) in Nepal, and the "Development of End-to-End Earthquake Early Warning and Response System," organized by the Science and Technology Research Partnership for Sustainable Development (SATREPS), etc. Currently, He is involved in projects regarding geospatial information in Geographic Information System (GIS) field.
